

National Museum of Libya

Summary of Relevant Projects *International*

Above Gallery illustrating the Pre-classical Era

Located within Tripoli Castle, the National Museum of Libya chronicles the history of the country from the Neolithic period to the Republican era, with galleries devoted to classical and pre-classical artifacts, numismatics and ceramics.

The 4,500 sq.m. project was completed under the auspices of UNESCO and included all aspects of the interior from basic building works to display design.
